

New traffic patterns may affect your commute to our campus

As early as Thursday, **August 28**, the new eastbound US 290 frontage road will open between Convict Hill Road and William Cannon Drive. Please see the attached map and details below:

- All eastbound US 290 traffic will begin using the new eastbound US 290 frontage road.
- To reach SH 71, eastbound US 290 drivers will use the U-turn at William Cannon Drive and take the westbound US 290 frontage road to access SH71.
- Due to the location of these lanes, eastbound US 290 drivers will no longer have the option to use the William Cannon Drive bypass bridge.
- Eastbound SH 71 traffic will still have the option to use the bridge to bypass the William Cannon Drive intersection during this phase.
